

## TO ATLANTIC CITY.

The Pennsylvania Sends Out One of the Largest Excursions.

## EIGHTY-FIVE WERE IN THE PARTY

That Left Yesterday Afternoon—Two Pullmans and Two Day Coaches Were Well Piled—Claimed to Be the Largest of the Season—The Wheeling Colony at the Sea Shore.

The migration to the sea shore continues and Wheeling is holding up her end in a way that is considered remarkable, considering the stringency in the times just now. The Pan-Handle road sent out its second excursion yesterday afternoon at 3:55 o'clock, and it is claimed to be the largest of the year out of Wheeling, two twelve section Pullman sleepers, the "Piedmont" and the "Sovereign," and two day coaches going direct to the sea shore with eighty-five people from Wheeling. A large crowd was on hand, to say good bye to their friends when the train pulled out promptly on time. Philadelphia will be reached at 7 a. m. today and Atlantic City at 9:30 this morning. It is said the Wheeling colony at Atlantic City is now much larger than before this season, and as large as in any previous year. Most of the excursionists will return within two weeks, as the tickets are limited to twelve days.

Among those who left on this excursion were the following: William Nesbitt, Thomas Jones, C. W. Appenzeller and wife, William Koehnline and wife, Edward Hazlett and family, Alfred Pauli and family, William F. Stifel and family, Captain McCoy and wife, T. J. Eberling, Fred Behrens, Jr., and Mrs. H. F. Behrens, Robert Simpson; J. D. Frohwater and daughter, of Wellsburg; Herman Seabright, Howard Simpson and family, John Sweeney and family, John Zarnitz, Kennedy Friend, Mrs. Walter Williams, R. G. Howter and wife, Alex Sharp and wife, Miss Mabel Copeland, Miss H. Lowe, L. W. May, Dr. Muhleman, of Bellaire; L. Meder, wife and mother, Martin Thornton, Charles Wassman, H. Emshelmer, George Ritchie.

The Pennsylvania company sent a record breaker excursion out of Pittsburgh yesterday morning to the sea shore. There were twenty-six Pullmans and thirty-two parlor cars in the train.

## A REALLY DISCHARGING RAIN.

A Series of Storms Yesterday—Some Damage, But Much Good Done.

Yesterday afternoon between 5 and 6 o'clock a very lively rain storm occurred, lasting perhaps half an hour. It was accompanied by a very high wind, which blew down a number of fine trees on the Island and a few small shade trees in East Wheeling, besides injuring others by breaking off large branches. Shingles were blown out in profusion, and for a time it looked as if a small cyclone was brewing. The storm appeared to be heavier elsewhere in the neighborhood than here. The rain was heavy enough to give the streets a much needed washing and saturate the ground.

Shortly after ten o'clock last night a much heavier rain came down. It was one of the most terrific rains ever experienced here while it lasted, and in a very short time many of the streets were flooded so as to be impassable for pedestrians, and the gutters on all the steep streets encroached on the roadways. At all street intersections piles of sand and earth were left, with other debris, and many sewer mouths were closed. If the rain was general over the country it is too late to benefit many of the growing crops.

## THE STORM AT BENWOOD.

The Wheeling Steel Works Was the Heaviest Sufferer—Stacks Blown Down.

During the storm yesterday afternoon the Wheeling steel plant, at Benwood, suffered several breakages. The three large stacks of the Sterling boilers were blown down, causing much damage and more anxiety by the tremendous crash in falling. Fortunately the men working in the vicinity had left previously, having noticed the untoward appearance of the stacks.

The scale house, an old but firmly built structure standing on the river front, was blown down, and a German employed as a laborer, who had taken refuge from the storm, was buried beneath the ruins.

He was found when an attempt was made to remove the debris. Beyond a wound on the shoulder, he was uninjured.

A large locomotive No. 1 had its cab demolished. The steam pipe was burst and the roof partially displaced. This caused a cessation of work until repairs can be made.

Numerous unstable buildings on Kentucky Heights and other parts of the hillsides were carried a considerable distance.

Windows were blown in and several vehicles overturned, but so far as can be learned no one was seriously injured.

Bellaire Suffers Greatly.

The storm last night was severely felt in Bellaire. The entire roof of the large Central block in the business portion of the town was torn away, also over half the roof of the machine shop and foundry at the Atna works. At Rodger's glass factory a brick wall was blown down and part of the cupola destroyed. An empty box car was by the force of

## The Magic Touch

Hood's Sarsaparilla  
You smile at the idea. But if you are a sufferer from Dyspepsia

And indigestion, try a bottle, and before you have taken half a dozen doses, you will involuntarily think, and no doubt exclaim,

"That Just Hits It!"

"That soothing effect is a magic touch!" Hood's Sarsaparilla gently tones and strengthens the stomach and digestive organs, invigorates the liver, creates a natural, healthy desire for food, gives refreshing sleep, and in short, raises the health tone of the entire system. Remember

Hood's Sarsaparilla Cures  
Hood's Pills cure liver ills, constipation, nervousness, jaundice, sick headache, indigestion

the wind blown from a siding onto the main track and derailed. The roof of McGee's residence in the Second ward was also lifted off.

Hard on the Corn.

S. T. Elliffrith, of Short Creek, and William North, of Clinton, both in Ohio county, were in this city yesterday, and they say that the drought has ruined nearly their entire corn crop, and if an eighth of it can be saved they will consider themselves lucky.

## LOCAL BRIEFITIES.

Matters of Minor Moment in and About the City.

FRANK THOMPSON, a plain drunk, was locked up yesterday by Officer Trischler.

SOUELA BROS., from Pittsburgh, are fitting up a branch confectionery in the Kelly block, next door to the Opera House, and will open it to-morrow.

A new time card will go into effect on the Wheeling & Lake Erie railroad next Sunday, by which the running time of through trains will be faster.

TWO Irwin base ball club, twelve strong, left yesterday morning over the Ohio River road for Marietta, where they play the team of that place three games this week.

NELLIE WOODS and Edna Howard, of Eoff street, were arrested in the Eighth ward last night, by Officer Minkemeyer, and a charge lodged against them of being out after sundown.

LAST evening the council committee on accounts met and audited the books of the city clerk and city receiver for the month of June. It also approved bills aggregating \$14.45.

OFFICER SCALLEY last evening arrested Bill Falloure, who was drunk and had a big knife open and stuck up his sleeve. He is said to have threatened Scalley, a charge of insanity may be brought against him in justice's court.

YESTERDAY the Carleton circle of the Second Presbyterian church drove out, with many friends, to a grove near West Liberty, where an enjoyable picnic was given. The picnicers got caught in the rain returning last evening, but came home happy.

"DAVID EVANGEL," who is holding forth in the L. O. F. hall every Sunday, has put up several muslin streamers advertising his services. He will talk Sunday evening on "What Think ye of Christ?" This afternoon he will give a talk to children at 3 o'clock.

S. D. SHANNON'S was the only case in the police court yesterday. He was accused of disorderly conduct at the Stamm house late night before last, and was fined \$5 and costs, which was paid. No charges were made against two other people locked up the night before.

MRS. MARY BEARLY, of 99 Eleventh street, last night celebrated her sixtieth birthday at her home. About fifty couples were present and all had an enjoyable time. At a seasonable hour elegant refreshments were served. Mrs. Bearly received the heartiest congratulations from all.

YESTERDAY afternoon a carload of groceries was run out of S. Duara's Sons' warehouse and down the Baltimore & Ohio track over the creek. Just below Twenty-first street the car was derailed, and in some way thrown over on its left side. It will be a pretty good job to right it without damage.

THE Wheeling & Lake Erie railroad will run a special fast train excursion to Myers Lake, Canton, Zoar and Macmillan leaving the union depot at 7:30 a. m., city time, Sunday week, August 19. Tickets will be on sale at the Wheeling & Elm Grove Railroad ticket office and other places several days before the excursion. Very low rates will be made.

## ABOUT PEOPLE.

Strangers in the City and Wheeling Folks Abroad.

Among the Wheeling people who drove out to the Cadiz fair yesterday to see the races was one party composed of Messrs. George Hook, Paul Keymann, George E. Stifel and G. Ed Mendel. They left Wednesday night, expecting to return last night.

Mrs. William Hoey and Mrs. John O. Rico and the latter's pretty little child were interested spectators of the first performance of "Flames" at the Opera House last night. Both the ladies have fine reputations as farce comedy performers. Mrs. Hoey being one of the French sisters who made such a hit in "A Parlor Match."

Morris Horkheimer is in the east on a business trip.

Mr. S. W. Hartley, of Bannock, Ohio, was in the city yesterday.

Walker Peterson went to Philadelphia on a business trip, over the Pan Handle.

Mr. Will D. Robertson has returned from a two weeks' visit to the country.

The second son was yesterday born to Mr. and Mrs. Harry G. Franzheim. He is very young yet, but observing friends detect a resemblance to his papa.

Mrs. H. W. Henry, of 1149 Market street, charmingly entertained a number of her friends in honor of her brother, Mr. William Armstrong, of Muncie, Ind.

Mr. H. E. Down left at 9 p. m. over the Pan-Handle to spend ten days with his mother and friends, William H. E. Down, of New Moscow, Coshocton county, Ohio.

Beautiful Zoar is drawing well from Wheeling and vicinity this year. Among others now there are Mrs. Korris and two daughters, Miss Mary Campbell, Capt. Richard Crawford, Mrs. Uring and son, Mrs. McMarrie and child, Miss Thomas, W. L. Dixon and wife. Several others will go out the last of this week.

## "OLD BOSS" BILL HOEY.

His Company Makes Its First Appearance in "Flames."

At the Opera House last night William Hoey and a very promising company, headed by John C. Rice, presented for the first time on any stage a new farce comedy, called "Flames" on the bills and not named at all in the programme. Hoey is one of the Flam brothers and Rice the other. The piece throughout is very reminiscent, even as to part of the scenery, of "Erminio," whose authors also concocted this piece. But it serves very well as a vehicle for dancing, singing and witticisms. The dancing has never been surpassed on a Wheeling stage, especially that of Mr. Rice and Miss Carrie Merritts. The singing is also fine. Mr. Hoey's own part in it being characteristic and new, and the humor is above the average of such plays. The scenery is bright and pretty, and all the features admirable and enjoyable. The living pictures are especially artistic.

The performance did not run as smoothly as it will after a night or two, and it ran until about half past eleven. It was hugely enjoyed and every feature encored by a large and fine audience. It gives promise of being the greatest farce comedy yet when perfected.

Do not fail to hear Rev. John Calpepper at the Moundsville camp meeting, August 10th to 19th.

## MARSHALL INSTITUTE.

Officers of the New Organization Elected Yesterday.

Marshall county teachers' institute opened again yesterday morning with a smaller number of teachers present than usual. The weather was very warm and the teachers experienced a great deal of discomfort on this account. After singing, Rev. J. B. Smith, pastor of the Disciples Church, Moundsville, read a scripture lesson and led in prayer. W. S. Powell took charge of his arithmetic lesson and sent several to the board with examples. The lesson was in true and bank discount. Prof. D. T. Williams then read a telegram from Dr. J. W. Simpson, stating that on account of the death of a near relative it would be impossible for him to be here and give his lecture as announced for the evening. The teachers were very much disappointed as they were expecting a great treat from the doctor.

The next branch was grammar by Prof. Williams. The lesson was in synthesis. This part of grammar is one of the professor's "hobbies," and he handles it in an able manner. Several sentences were put on the board and some good points brought out. After a short recess, K. A. Riggs gave his third and last talk on grading country schools. His talk was followed by the roll call, after which Hon. J. Alex. Ewing read a constitution prepared for a Marshall county teachers' organization. There will be a separate organization in each district in the county. These district organizations will be controlled by the county organization. Every teacher of the county will be requested to become a member. It is believed that this is a good move and is generally regarded as a long stride forward in educational matters in the county.

After dinner the meeting was called to order at 1:30 o'clock and Mr. Thompson, agent for school supplies, lectured on mensuration, using his mathematical blocks to illustrate the rules of this part of arithmetic and explaining the methods of teaching them to pupils in the common schools.

At the close of the lecture, J. T. King moved that the programme be set aside and the work of completing the county organization be taken up. The names of all those who expect to teach were enrolled. Friends of education who do not teach may join as honorary members. Eighty numbers were enrolled and Mr. R. A. Riggs was elected temporary president, and Miss Lizzie Conner, temporary secretary.

The next in order was the election of permanent officers for one year. Professor D. T. Williams defeated J. T. King by a vote of fifty-five to twenty-two. Professor Williams then made a few remarks and took the chair. Misses Anna Pelly and Sarah Porter were nominated for secretary and a vote was taken which stood forty to forty. The president decided that Miss Petty should be secretary. County Superintendent J. E. Sivert was also elected treasurer.

A recess of 10 minutes was then taken so as to give the delegates from the different districts time to get together and elect vice presidents. Each district is allowed one vice president, each vice president to be president of the organization in his district. The following are the names of the vice presidents and their respective districts:

Webster—H. L. Jones.  
Franklin—J. H. Koch.  
Union—J. T. King.  
Cameron—George E. Hubbs.  
Mende—George B. Games.  
Sand Hill—Ella Wilson.  
Clay—E. Bonar.  
Liberty—H. F. Hubbs.  
Moundsville Independent—Maud Jefferson.

Washington—E. Taylor.  
A finance committee of three was appointed by the president, consisting of R. A. Riggs, E. Taylor and E. Bonar.

It was decided to charge a membership fee of fifty cents for gentlemen and twenty-five cents for ladies, to be paid by January 1, 1895. The organization then adjourned until next Tuesday afternoon. The roll was then called and the institute was dismissed. This was by far the most interesting meeting of this year's session. Quite a lively time was enjoyed over the election of the officers. A free entertainment by home talent will be given some time next week.

## NOTES ON NAVIGATION.

Stage of Water and Movements of Boats. The River Interests.

John Hyer, late clerk on the Courier, has purchased the Lyde II. and will run her between Parkersburg and Marietta as a tri-daily packet.

The John L. Lowry, that has been running in the local trade, has abandoned it on account of low water and is now running as an oil packet in the vicinity of Sistersville.

The Mattie K., the low water boat that has been running in the Clarinut trade, made her last trip Wednesday and is now laid up at Barroville, W. Va., waiting for higher water.

The big packet Iron Queen, laid up at Cincinnati, is undergoing extensive improvements, among them the replacing of her old wheel with a Stargart iron wheel, and the taking out of her doctor, which is being replaced by two injectors.

The river at this point continued to fall yesterday and at 6 p. m. was at the nineteenth-inch mark, lower water than has been experienced here this year. However, a rise is reported from Pittsburgh and two feet will probably be recorded to-day.

The Ida Smith was not able to come up to town yesterday morning, as was supposed. She was stuck at the McMeichen bar and remained there during the day, not going out for Matamoros, as scheduled. A slight rise is coming from above and it is thought she will be able to reach the city this morning. She is billed to depart for Matamoros at 10 a. m. to-day.

## HEADWATER REPORTS.

Pittsburgh—River 6 feet 1 inch and stationary. Weather clear and warm.

## Danish Clam.

But do it consistently, wisely, and not with a couple of stimulants, but by the reinforcement of energy, the renewal of appetite and the ability to digest, which Hostetter's Stomach Bitters, foremost among tonics, produces. Malaria, rheumatism, kidney complaints, constipation and nervousness are conquered by this victor over many ailments.

Don't be talked into having an operation performed or injections of carbolic acid used, as it may cost you your life. Charles H. Goetze and W. W. Irwin.

This is to certify that I have used Krause's Headache Capsules periodically for over one year and have very much pleasure in stating that they have always proved very beneficial and have relieved me in from ten to fifteen minutes. I have been a sufferer from headache for many years and have never found anything to do me as much good as Krause's Headache Capsules.

LOUIS HERMAN, K. A. W. W. Irwin.

Sold by Alex. T. Young, John Kiari, Wheeling, and Bowie & Co., Bridgeport, Ohio.
